COLORADO HORSE RESCUE

(10386 N. 65 ST. LONGMONT, CO, <http://chr.org>)

COST IS FREE! (For directions & information, call 970.222.1189.)

Michael and Ginger will have tables at the event for more information about our American mustangs, as well as DVD's and will do book signings. That evening, they will share their sales proceeds with Colorado Horse Rescue.

Michael Blake, Oscar-winning author of "Dance with Wolves" & passionate advocate for our American Wild Mustangs, will present a short video and talk about "12 The King," the wild stallion that shared Michael's ranch for 15 years. Less than 1% of Americans have seen a wild horse run free, and he would like to change that. He will also address the precarious status of our wild horses that are quickly being removed from our public lands today.

Ginger Kathrens, Emmy-award winning filmmaker, & Exec. Dir. of **The Cloud Foundation**, will talk about her life with Cloud the young palomino colt she named, the Pryor wild horse herd, & her fight to keep wild horses free. She will also give an update of Cloud, & show video clips of this magnificent herd of wild horses that roam the mountains of Wyoming and Montana that have been featured on the PBS "Nature" series.
